SURVEY POSTURE

GUARDED 33 / 100 ^[1,2,3]

This brief reads BURNS NURSING HOME, INC.'s public CMS survey record the way a surveyor would: the citation pattern, the direction of enforcement, the distance to Special Focus standing, the realized dollars, and where the facility sits in its survey cycle. Every figure footnotes to an immutable snapshot of the public record (final page).

AT A GLANCE

Certified beds	57	Ownership	—
Realized CMP total	\$32,500	Payment-denial actions	0
Deficiencies on record	7	Legal entity	—

SCORE ANATOMY — SEVEN COMPONENTS, NO BLACK BOX

The Survey Posture Score is deterministic arithmetic over the public record. Each component below shows its own derivation; a component without sufficient evidence says so and scores zero rather than guessing.

F-tag signature

4 / 25

7 deficiencies; severity/scope-weighted, recency-decayed sum 2.6 → 2 pts ^[1,2]

recurring tags across ≥2 surveys: F880 (+1) ^[1,2]

category clusters (≥3 citations): Infection Control Deficiencies (+1) ^[1,2]

Enforcement trajectory

11 / 15

cycle weighted severity: c1=11 c2=4 c3=2 ^[1,2]

current cycle ≥1.5× prior — sharply worsening (+8) ^[1,2]

strictly rising across three cycles (+3) ^[1,2]

Special Focus proximity

4 / 15

2-star health inspection rating ^[4,5]

Financial exposure (realized)

4 / 15

realized CMP total \$32,500 ≥ \$25k (+4) ^[6,7]

Staffing signal

0 / 10

reported total-nurse 4 HPRD ≥ 3.48 federal minimum (+0) ^[4,5]

PBJ contract-labor share 0% over 92 days (+0) ^[4,5]

Peer context

0 / 10

Not observed: no state cohort snapshot (≥20 rated facilities) on record — contributes 0 by design.

Survey-cycle window

10 / 10

last standard survey 2023-03-02; 40.1 months before as-of — past the 15.9-month statutory maximum — a standard survey is due ^[1,2]

THE CITATION SIGNATURE — PATTERN, NOT LIST

7 health deficiencies on record. The most recent citations:

SURVEY DATE	TAG	SCOPE/SEVERITY	TYPE	CATEGORY

ENFORCEMENT RECORD — REALIZED, NOT MODELED

CMS has taken 1 enforcement action(s) against this facility. These are realized facts from the public Penalties dataset — not projections.

DATE	ACTION	FINE	DENIAL DAYS
2022-05-10	fine ^[6]	\$32,500	—

OPERATOR CONTEXT

DEARMAN, MARTHA ^[14,15] is linked to 1 certified facility in the public ownership record.

Portfolio mean posture	33	Scored facilities	1
Worst facility	015009 (33, guarded)	SFF / candidates in portfolio	0 / 0

WHERE THE EXPOSURE CONCENTRATES

The score concentrates in: **Survey-cycle window** (10/10), **Enforcement trajectory** (11/15), **Special Focus proximity** (4/15). The component anatomy on page 2 shows the exact derivation of each.

KEEPING THIS PICTURE CURRENT

Continuous Monitoring keeps this picture current: every monthly CMS release is compared against your facility’s prior snapshot — new deficiencies, posture movement with component attribution, Special Focus list changes, penalty postings, and staffing deterioration — delivered as alerts plus a refreshed brief, per CCN per month.
